

SOCIAL MEDIA POLICY – Revised October 2017

Given the continuing and increasing popularity of social media it is felt that the club should develop a policy in respect of social media.

The Club utilise Facebook and Twitter solely to promote and advertise RVGC. Any information/news is shared via e-mail from the official club e-mail address or via the club newsletter. This is to ensure that such information is shared with all members.

Over the past few months a growing number of members have shared their views about the course and the club on Facebook, which they are entitled to do. The Council would like to clarify that any views shared on Facebook (or any other social media platforms) are personal to that member and are not representing the views of the Council. Any responses, even those written by Council members, are not representing the Council.
